360°
exploring the “unless”

Spaces for freedom have dreams to grow.
Present wisdom is difficult to grasp in jungle law.
Fear of regression holds a peaceful zest.
Culture wanders to seek human rest.

360° dialogue
to
shed the light

Culture is not suitable for physical fights,
naturally organic from first sight.
Invisible treats shape social beings,
while symbols inform the belonging scenes:
elements swing in alliance;
tension rises in annoyance.
Would a compromise be a solid beam? Or,
harmony is inconceivable in the diversity realm?

Flexible strings push the flow,

Balance, focus and paces on the line°°°
A clear vision helps in a foggy time.
